CAPTOP® QC-Plugs EP 213.

The QC-Plugs EP 213 are suitable for protecting SAE Quick Connector couplings, based on SAE J2044. QC-Plugs EP 213 seal SAE quick couplings perfectly in all nominal widths.

SAE J2044.

This QC plug is designed in accordance with SAE J2044. It protects media-carrying lines from contamination and damage until final assembly. Available for all SAE nominal widths.

Quick disassembly.

The radially mounted pull ring tabs allow for easy and quick removal of the plug. To disassemble, simply fold the tab halves up to form a handle.
