## САРТОР<sup>®</sup> ЕР 436

## Threaded Sealing Plugs with drain head design

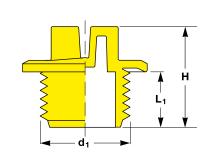

Strong Nylon PA 6, yellow

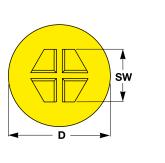

Designed to protect unified / straight threaded ports

Each plug features an integral tight fit sealing lip along with five complete threads

### Metric DIN 3852-1 / DIN ISO 6149-1

All dimensions in mm

#### Material :

Premium, impact resistant Nylon ( PA 6 )

Standard Colours : yellow, natural

Designed to protect unified / straight

threaded ports. Each plug features an integral tight fit sealing lip along with five complete threads.

Exist in a wide range of thread types. Head designed to drain liquids. Large flange design.

# Threaded Sealing Plugs with drain head design

### Strong Nylon PA 6, yellow Designed to protect unified / straight threaded ports Each plug features an integral tight fit sealing lip along with five complete threads

### TRIPLE ADVANTAGE of PROTEC CAPTOP

**QUALITY.** Protective sealing during painting processes and testing. Drain head design allows all fluids to drain off. To protect unified / straight threaded ports and fittings according to DIN 3852-1 Metric, SAE J 1926 UN/UNF.

This plug is engineered with five complete threads to provide a tight fit. The "sealing lip" enables each plug to provide a secure seal to a specific torque for each size.

EP 436 plugs can be fitted and removed with a screwdriver, socket wrench, power tool or by hand. Nylon offers high resistance against hydraulic fluids, acids, base alkalines and solvents.

**AVAILABILITY.** With over 400 million moulded components shipped from our UK logistics center we provide the fastest on time delivery service to all industries of the UK market.

PHILOSOPHY. Innovative protective closures at the best price in the market.

Material : Premium, impact resistant Nylon (PA 6)

Standard Colours : yellow, natural

#### Individual Productions :

On request we develop and produce individually tailored solutions next to the standard items of this range: additional dimensions, different materials and new colours

We would be pleased to advise you.
